Language Arts

Scope & Sequence

LANGUAGE ARTS

MONARCH LANGUAGE ARTS courses begin with early literacy and progress through fiction and non-fiction expository reading and writing. Lessons develop reading, writing, speaking, and listening skills through an integrated approach. Students gain enhanced language mastery through the morphological study of words, learning their history and parts, and enhanced communication skills through grammar and sentence diagramming. Students are engaged and inspired as they interact with different literary forms, including Christian literature.
