

HOMESCHOOL

2026 Catalog

The Journey Starts Here

Homeschooling is more than education. It is a commitment to guiding children with faith, purpose, and the tools they need to succeed. At AOP, we provide curricula that support families every step of the way, making learning both meaningful and effective.

With LIFEPAK and Horizons, parents can choose the approach that fits their child's needs. Whether through self-paced mastery learning or hands-on instruction, these trusted programs offer structure, flexibility, and a strong biblical foundation.

Homeschooling is a journey filled with purpose and possibility. With AOP, families can move forward with confidence, knowing they have a curriculum designed for success.

Additional Purchase Options

While LIFE·PAC's complete grade sets are your best value, we understand everyone has different needs. That's why LIFE·PAC is also available to purchase in different types of sets or by individual book.

Core Subject Sets with Teacher's Guides

Get a full year of Math, Science, History & Geography, and Language Arts in one complete set. A Christian worldview is reflected in every subject. Each subject contains single-subject sets with teacher's guide.

Individual Student Books and Teacher's Guides

LIFE·PAC student books and teacher's guides also may be purchased individually, giving your homeschool the freedom to purchase just the lessons you need.

Box Sets with Teacher's Guide

Each 1-subject set contains 10 student books for a full year of student content for a subject, as well as a teacher's guide consisting of suggested activities, answer keys, test keys, and practical tips on homeschool management.

Grade Sets of 10 Student Books

Get ten student books containing a full year of student work without a teacher's guide. This option is available for all main courses, as well as all full-year electives.

“

“I love the structure of LIFE PAC. Everything is organized so that I can look as far ahead as I would like in order to plan the weeks and do lesson plans.”

Rayna S., Parent

7th Grade

LIFEPAAC 7th Grade History & Geography provides an interesting study of anthropology, the record of humankind. Students learn about the significance of written history, sociology, and documentation methods.

Students also learn about citizenship, politics, markets, state financing, and social groups.

8th Grade

LIFEPAAC 8th Grade History & Geography is a captivating course about America. Students follow America's growth by studying the westward expansion, slavery, the Civil War, the Industrial Revolution, America's important role in

today's world, and America's emergence as an international power.

Civics & World Geography

With LIFEPAAC Civics & World Geography, students learn about man's development of Earth, man's responsibility to his environment, and world regions. The course also covers practical personal information like Christian character, as well

as governmental branches on the national, state, and local levels.

World History

LIFEPAAC World History gives students an understanding of the past by featuring highlights in world history. Filled with practice exercises, fun activities, and tests, this self-paced curriculum studies early civilizations in Egypt

and Assyria, the Middle Ages, world empires, revolutions, and more.

American History

LIFEPAAC American History reviews the dynamic past of the United States. This course comprehensively discusses U.S. history from America's birth to the present day. Each workbook contains section

question and answer sections, and tests to solidify comprehension.

Government & Economics

LIFEPAAC Government & Economics shows the reasons for law and order in society and focuses on different types of governments. After learning about leadership, students study the basics of working and trading within an economic

system. Lessons on budgeting, financing, and personal banking also are included.

LANGUAGE ARTS

LIFEPAC Language Arts covers the six major content strands of reading, speaking and listening, writing, spelling, grammar, and composition. This program also covers special topics like visual media, the history of the English language, the Bible as literature, and writing book reports, as well as study and research skills.

Kindergarten

Students learn the alphabet, numbers, shapes, colors, sounds, capital and lowercase letters, vowels, consonants, and phonics in LIFEPAC Language Arts Kindergarten. Practice exercises include tracing letters, numbers, and simple words. Students also develop matching skills and learn how to follow directions in this colorful workbook.

Getting Ready to Read

LANGUAGE ARTS

7th Grade

LIFEPAC 7th Grade Language Arts studies the structure of communication and how to choose effective words. Each workbook contains vocabulary words, a question and answer section, and a test. *The Hiding Place*, a triumphant true story about the courageous World War II hero Corrie Ten Boom, is studied in Unit 7.

8th Grade

LIFEPAC 8th Grade Language Arts strengthens grammar skills and creates a solid foundation for effective communication with a study of language and literature, critical thinking, and autobiographies. Reviews cover etymology, modifiers, oral reports, mood, tense, thesaurus skills, oral language, and more.

English I

LIFEPAC English I emphasizes the importance of using powerful sentences. This engaging course includes lessons on drama, paragraphs, and visual aids with a focus on listening and recognizing patterns when reading. Jules Verne's *Twenty Thousand Leagues Under the Sea* and *The Miracle Worker* by William Gibson are read during the course.

*Includes required readers: *The Miracle Worker* & *Twenty Thousand Leagues Under the Sea*.

English II

LIFEPAC English II focuses on different literary genres. Students learn about the short story, the novel and novelist, drama development, and the meaning of poetry. Students read poetry and classic stories that are integrated into the text to develop an appreciation for literary styles. *In His Steps* is the novel studied in Unit 9.

English III

LIFEPAC English III takes an in-depth review of English usage and grammar, including standard English, clauses, phrases, verbals, participles, and conjunctions. Students also explore three centuries of American classics, including Ernest Hemingway's *The Old Man and the Sea*.

English IV

LIFEPAC English IV focuses on the rich history of British literature. Students study *Beowulf*, *The Canterbury Tales*, and *Paradise Lost*, as well as a diverse array of sonnets and poems by Shakespeare, Byron, Shelley, Keats, and Tennyson. Creative writing techniques also are taught in this exciting course.

MATH

LIFEPAC Math develops and builds math skills through the use of various question formats, multiple exercise techniques, and fun learning games. This motivating math curriculum prepares students for using math successfully in real-life situations. The curriculum targets this goal by focusing on the major themes of number skills, geometry, algebra, data analysis, and probability.

Kindergarten

Lay a strong foundation in math with LIFEPAC Kindergarten Math. This course covers the following principles: time, number lines, addition, subtraction, writing and spelling numbers, and money. Filled with fun lessons, this program offers diverse activities that teach math skills. The LIFEPAC Kindergarten Math curriculum has two workbooks and a teacher's guide.

MAT0500	Set of 10 Student Books	\$102.00

6th Grade

Prepare your child for upper-level math concepts with LIFE PAC 6th Grade Math. This mastery-based course focuses on number skills and numerical literacy while integrating geometric concepts. The course also provides instruction on statistical and probability

concepts, fractions, mental math, and converting metric units.

Fractions, Decimals, & Measurements		
MAT0615	6th Grade Math Box Set	\$108.00
MAT0601	Whole Numbers & Algebra	\$11.50
MAT0602	Data Analysis	\$11.50
MAT0603	Decimals	\$11.50
MAT0604	Fractions	\$11.50
MAT0605	Fraction Operations	\$11.50
MAT0606	Ratio, Proportion, & Percent	\$11.50
MAT0607	Probability & Geometry	\$11.50
MAT0608	Geometry & Measurement	\$11.50
MAT0609	Integers & Transformations	\$11.50
MAT0610	Equations & Functions	\$11.50
MAT0620	Teacher's Guide	\$26.75
MAT0600	Set of 10 Student Books	\$102.00

7th Grade

Prepare your child for pre-algebra with LIFEPAK 7th Grade Math. This course strengthens skills in problem solving, number sense, data analysis, patterns, probability, and proportional reasoning. Students also study integers, equations, and geometric concepts to build a strong foundation for higher mathematical thinking.

Integers, Ratios, & Basic Geometry		
MAT0715	7th Grade Math Box Set	\$108.00
MAT0701	Integers	\$11.50
MAT0702	Fractions	\$11.50
MAT0703	Decimals	\$11.50
MAT0704	Patterns & Equations	\$11.50
MAT0705	Ratios & Proportions	\$11.50
MAT0706	Probability & Graphing	\$11.50
MAT0707	Data Analysis	\$11.50
MAT0708	Geometry	\$11.50
MAT0709	Measurements & Area	\$11.50
MAT0710	Surface Area & Volume	\$11.50
MAT0720	Teacher's Guide	\$26.75
MAT0700	Set of 10 Student Books	\$102.00

Pre-Algebra

Give your junior high student an increased awareness of how math is a life skill with LIFEPAK Pre-Algebra. In this course, students practice algebraic thinking to model and solve real-world problems. Variable expressions and equations, linear functions, plane geometry, and coordinate graphing also are studied.

Pre-Algebra		
MAT0815	Pre-Algebra Box Set	\$108.00
MAT0801	The Real Number System	\$11.50
MAT0802	Modeling Problems in Integers	\$11.50
MAT0803	Modeling Problems with Rational Numbers	\$11.50
MAT0804	Proportional Reasoning	\$11.50
MAT0805	More with Functions	\$11.50
MAT0806	Measurement	\$11.50
MAT0807	Plane Geometry	\$11.50
MAT0808	Measures of Solid Figures	\$11.50
MAT0809	Data Analysis	\$11.50
MAT0810	Probability	\$11.50
MAT0820	Teacher's Guide	\$26.75
MAT0800	Set of 10 Student Books	\$102.00

Algebra I

Students love learning algebra with the engaging LIFEPAK Algebra I. This hands-on course has a concept-by-concept approach to learning that fine-tunes students' grasp of algebra. Students not only learn graphing, determinants, and quadratic equations, but they also feel rewarded as they complete each workbook.

Algebra I		
MAT0915	Algebra I Box Set	\$108.00
MAT0901	Variables & Numbers	\$11.50
MAT0902	Solving Equations	\$11.50
MAT0903	Problem Analysis & Solution	\$11.50
MAT0904	Polynomials	\$11.50
MAT0905	Algebraic Factors	\$11.50
MAT0906	Algebraic Fractions	\$11.50
MAT0907	Radical Expressions	\$11.50
MAT0908	Graphing	\$11.50
MAT0909	Systems	\$11.50
MAT0910	Quadratic Equations & Review	\$11.50
MAT0920	Teacher's Guide	\$26.75
MAT0900	Set of 10 Student Books	\$102.00

Geometry

Shape up your student's math skills with LIFEPAK Geometry. This rewarding course offers an individualized, step-by-step learning format about shapes, including lessons about circles, tangents, angles, triangles, area, volume, and points. Engaging workbooks are filled with easy-to-follow lessons and applicable illustrations.

Geometry		
MAT1015	Geometry Box Set	\$108.00
MAT1001	A Mathematical System	\$11.50
MAT1002	Proof	\$11.50
MAT1003	Angles & Parallels	\$11.50
MAT1004	Congruency	\$11.50
MAT1005	Similar Polygons	\$11.50
MAT1006	Circles	\$11.50
MAT1007	Construction & Locus	\$11.50
MAT1008	Area & Volume	\$11.50
MAT1009	Coordinate Geometry	\$11.50
MAT1010	Geometry Review	\$11.50
MAT1020	Teacher's Guide	\$26.75
MAT1000	Set of 10 Student Books	\$102.00

Algebra II

With LIFEPAK Algebra II, students can master advanced algebra. This course's concept-by-concept approach and clearly written lessons take the guesswork out of understanding exponential functions, counting principles, real numbers, and more. Students build their knowledge of math with this easy-to-understand algebra course.

Algebra II		
MAT1115	Algebra II Box Set	\$108.00
MAT1101	Sets, Structure, & Function	\$11.50
MAT1102	Numbers, Sentences, & Problems	\$11.50
MAT1103	Linear Equations & Inequalities	\$11.50
MAT1104	Polynomials	\$11.50
MAT1105	Radical Expressions	\$11.50
MAT1106	Real Numbers	\$11.50

SCIENCE

LIFEPAC Science focuses on the development of observational skills as they study the physical universe God created. The four major strands of this curriculum include Life Science (plants and animals, human anatomy and personal care, biology), Space and Earth Science (geology, weather), Physical Science (chemistry, physics), and the nature of science (scientific method, experimentation, technology).

1st Grade

Jump into colorful workbooks that explore God's beautiful world with LIFE PAC 1st Grade Science. This self-paced curriculum teaches students about the different senses and introduces them to the amazing world of science. Additional skills, such

as drawing colors and shapes, matching, and defining objects are included.

Your Senses		
SCI0115	1st Grade Science Box Set	\$120.00
SCI0101	You Learn with Your Eyes	\$11.50
SCI0102	You Learn with Your Ears	\$11.50
SCI0103	More about Your Senses	\$11.50
SCI0104	Animals	\$11.50
SCI0105	Plants	\$11.50
SCI0106	Growing up Healthy	\$11.50
SCI0107	God's Beautiful World	\$11.50
SCI0108	All about Energy	\$11.50
SCI0109	Machines around You	\$11.50

American Literature

Discover works from renowned American writers with LIFE PAC American Literature. Filled with enriching masterpieces, this course for grades 7–12 provides a broad survey of literature from the diverse periods of American

history. Colorful workbooks are filled with the works of Henry Wadsworth Longfellow, Walt Whitman, Edgar Allan Poe, Emily Dickinson, Mark Twain, Ernest Hemingway, and F. Scott Fitzgerald. A required reader, *Our Town*, is sold separately. ❶

American Literature		
ES9415	American Literature Box Set*	\$74.25
EL9401	Early American Literature	\$11.50
EL9402	Romantic Period 1800–1855	\$11.50

Additional Purchase Options

While complete grade sets are the easiest way to purchase Horizons, we understand everyone has different needs. That's why Horizons also is available as 1-subject sets with a teacher's guide and even as individual workbooks!

Single-Subject Sets with Teacher's Guide

Get student work and teacher's guide(s) for a full year per subject and save up to \$48 a year compared to buying items individually.

Individual Books

All Horizons student books and teacher's guides are available individually, giving you the freedom to purchase only what you need.

Horizons PRESCHOOL

For Three's

Prepare your three-year-old for preschool with a program precisely designed to address your child's cognitive development, pre-reading and numeracy skills, language acquisition, and school readiness. Horizons Preschool for Three's also strengthens children's social, emotional, and spiritual development by leading three-year-olds to know that God made them and gave them great gifts. Featuring 40 weeks of lessons and activities presented in one student workbook, a workbook companion, a teacher's guide, and a brightly illustrated Bible story reader, Horizons Preschool for Three's gives students practice in language skills, as well as matching, sequencing, counting, and more.

Subtracting Polynomials

Lesson 13

Recall the rules for working with signed numbers. When you are subtracting a number, change the sign and add. This rule also applies to subtracting polynomials. Look at this problem.

$$(2x^2 + 2x + 3) - (x^2 - x + 1) =$$

The negative applies to everything in the second set of parentheses. Change each sign in the second parentheses and add.

$$(2x^2 + 2x + 3) + (-x^2 + x - 1) =$$

$$2x^2 + 2x + 3 - x^2 + x - 1 =$$

$$x^2 + 3x + 2$$

Polynomials may also be subtracted by writing the problem vertically. Like addition problems, like terms must appear in the same column.

$$\begin{array}{r} (2x^2 + 2x + 3) \\ - (x^2 - x + 1) \\ \hline \end{array}$$

When adding algebra tiles to check your answer.

When adding with algebra tiles, a red piece paired with a different color of the same size will always result in both pieces being removed because the red is the negative of the other color and $1 + 1 = 0$. Therefore, the sum looks like the diagram below.

ACTIVITIES

2 Subtract.

$$\begin{array}{r} (6x^2 + 6x + 4) \\ - (4x^2 + 3x + 2) \\ \hline \end{array}$$

$$\begin{array}{r} (6x^2 - 3x + 4) \\ - (x^2 - 5x - 2) \\ \hline \end{array}$$

$$\begin{array}{r} (8x^2 - x - 2) \\ - (6x^2 + 3x - 4) \\ \hline \end{array}$$

CLASSWORK

Write the problem vertically and subtract.

$$(4x^2 + 3x + 4) - (x^2 + x + 3) =$$

$$(3x^2 + 3x + 6) - (x^2 - x + 2) =$$

$$(6x^2 - x + 2) - (4x^2 - 3x - 2) =$$

Find the area.

Find the quotient. Write the terms.

$$4 \overline{) 40} =$$

Find the answer.

Other went to the grocery store at 1:30 p.m. She had \$50.00. She was gone for 40 minutes. What time did she come home?

Teacher had 7 boxes of crayons. There were 24 crayons in each of the boxes were torn. How many crayons were in the boxes?

*Reproducible masters are in the teacher's guide or may be ordered separately.

“

“I love Horizons for its ease of use and convenience! It is so wonderful to have most everything you need for the year ready to go. It saves me so much time and stress, and I can focus on teaching instead of worrying about lesson plans.”

Rachel H., Parent

Horizons PENMANSHIP

Horizons Penmanship is a program that teaches the fundamentals of proper penmanship through the practice of spelling, vocabulary, and writing while learning mechanics of penmanship like letter formation, spacing, capitalization, punctuation, and pencil grip. As the program progresses, students transition from print or manuscript writing to cursive.

Each course includes writing weekly passages.

1st Grade

Filled with fun cartoon figures, Horizons 1st Grade Penmanship covers tracing manuscript lowercase and uppercase letters, words, and sentences, writing and memorizing a weekly Bible verse, and practicing punctuation, numbers, and proper writing positions. Students also build spelling

and vocabulary skills. This penmanship curriculum has one student workbook with 160 fundamental lessons and a corresponding teacher's guide.

1st Grade Penmanship		
JSP115	1st Grade Penmanship Box Set	\$48.00
JLP101	Student Book	\$31.25
JPT010	Teacher's Guide	\$25.00

2nd Grade

Horizons 2nd Grade Penmanship introduces students to cursive writing. Motivating lessons cover tracing cursive lowercase and uppercase letters, words, and sentences, writing and memorizing a weekly Bible verse, and writing and memorizing short poems. Filled

with capitalization and punctuation rules, this curriculum has one student workbook with 160 lessons and a corresponding teacher's guide.

2nd Grade Penmanship		
JSP215	2nd Grade Penmanship Box Set	\$48.00
JLP201	Student Book	\$31.25
JPT020	Teacher's Guide	\$25.00

3rd Grade

Horizons 3rd Grade Penmanship continues to transition students from manuscript to cursive by having them trace letters and words, write manuscript and cursive sentences, write quotations, and write answers to questions. Bible stories about Noah, Abraham, and

Joseph are integrated throughout the lessons. This curriculum has one student book with 160 colorful lessons and a corresponding teacher's guide.

3rd Grade Penmanship		
JSP315	3rd Grade Penmanship Box Set	\$48.00
JLP301	Student Book	\$31.25
JPT030	Teacher's Guide	\$25.00

4th Grade

Horizons 4th Grade Penmanship practices cursive writing with lessons from the parable of the good shepherd, the parable of the lost son, the parable of the mustard seed, and more. Lessons cover tracing letters and words, defining words by using them in a sentence, printing

sentences, and writing sentences to answer questions. This curriculum has one student book with 160 Bible-based lessons and a teacher's guide.

4th Grade Penmanship		
JSP415	4th Grade Penmanship Box Set	\$48.00
JLP401	Student Book	\$31.25
JPT040	Teacher's Guide	\$25.00

5th Grade

The colorful Horizons 5th Grade Penmanship uses presidential speeches to teach cursive writing. Sample speeches include the Gettysburg Address by Abraham Lincoln, the Thanksgiving Proclamation by George Washington, and the Inaugural Address by

John F. Kennedy. This penmanship curriculum has one student book with 160 patriotic lessons and a corresponding teacher's guide.

5th Grade Penmanship		
JSP515	5th Grade Penmanship Box Set	\$48.00
JLP501	Student Book	\$31.25
JPT050	Teacher's Guide	\$25.00

6th Grade

Give your student practice in penmanship with words of wisdom from around the world. Featuring 160 lessons in one student workbook and a teacher's guide, this course encourages students to maintain basic manuscript and cursive skills by copying passages from Aesop's fables, proverbs,

epigrams, riddles, prayers, and more. Students also write letters in other languages and compose their own words of wisdom.

6th Grade Penmanship		
JSP615	6th Grade Penmanship Box Set	\$48.00

JPT060	Teacher's Guide	\$25.00

“

“I ordered Horizons Phonics & Reading for kindergarten and within just a few weeks, my second born was ecstatic to be reading. It was a joyful success! I have since used the same curriculum with my third and fourth children.”

Stephanie R., Parent

Horizons PHONICS & READING

Horizons Phonics & Reading is a phonetic-based word-recognition and early reading program for grades K–3. These four colorful courses cover spelling, alphabetizing, rhyming, vocabulary development, sentence structure, phrases, and the parts of speech. Fun, hands-on activities are included to develop penmanship skills. The seven major themes are phonemic awareness, phonics, fluency, vocabulary, text comprehension, spelling, and penmanship.

Kindergarten

The colorful and highly acclaimed Horizons Kindergarten Phonics & Reading is a phonetic-based word recognition and early reader course. Students learn to identify the names and sounds of letters through exciting stories and picture associations. This vibrant,

160-lesson course covers consonant sounds and blending, vowel sounds, consonant beginnings and endings, syllables, and non-phonetic sounds. This appealing, hands-on course has four student workbooks with removable pages, four helpful teacher's guides, four brightly illustrated readers, an alphabet floor puzzle, and a wipe-off tablet.

“

“As a mom of three, my brain is usually taxed to its limits, but Horizons gives me that feeling of success and accomplishment. The multi-faceted approach that Horizons offers and the idea prompts keep learning engaging and fun.”

Jessica C., Parent

Horizons SPELLING & VOCABULARY

Horizons Spelling & Vocabulary is a phonics-based homeschool curriculum that gives a comprehensive presentation of typical spelling concepts. Built-in flexibility allows parents to add words to the weekly lists and alter the specifications for the writing assignments to tailor the material to individual student needs. Fun, colorful lessons encourage your student to improve and develop spelling skills. New spelling words are introduced throughout exciting activities and word puzzles. Each grade has a student dictionary to help develop vocabulary skills. Horizons Spelling & Vocabulary can be used as a stand-alone spelling program or as a main subject.

1st Grade

The motivating Horizons 1st Grade Spelling & Vocabulary contains clear lessons with fun weekly word lists and various practice formats. Students enjoy learning about short and long vowel sounds, basic contractions, plurals, suffixes, compound

words, basic beginning and ending letters, synonyms, antonyms, and homophones. This course keeps students engaged with eye-catching illustrations and hands-on activities. This spelling curriculum has a student book with 160 fundamental lessons, a student dictionary, and a helpful teacher's guide.

2nd Grade

Horizons 2nd Grade Spelling & Vocabulary uses phonetics to develop and reinforce spelling skills. Colorful and consumable workbooks cover reviewing consonant sounds, spelling compound and plural words, recognizing contractions, vowel

sounds, comparative words, silent letters, and spelling words with various prefixes and suffixes. Daily writing lessons and weekly word lists are included for student practice. This popular spelling and vocabulary curriculum has a student book with 160 engaging lessons, a student dictionary, and a supportive teacher's guide.

3rd Grade

Sharpen spelling skills with Horizons 3rd Grade Spelling & Vocabulary. Using phonetics and handwriting, this colorful and consumable workbook covers spelling words with a study of consonant blends, long and short vowel sounds, silent endings, -ing endings,

plurals, homonyms, irregular verb tenses, prefixes, suffixes, contractions, compound words, and multi-syllable words. Daily writing lessons and weekly word lists also are included. This spelling and vocabulary curriculum comes with a student book with 160 engaging lessons, a student dictionary, and a teacher's guide.

Horizons

HEALTH ELECTIVES

Horizons Health builds a healthy foundation for homeschoolers with discussion-based courses supported with workbook and other study activities. This Christian curriculum covers the main themes of growth and development, disease prevention, nutrition, mental health, personal health, family life, human sexuality, social health, first aid, and more. Created to be taught two to three days per week, this curriculum for grades K–8 helps students recognize healthy living as a form of godly obedience.

Kindergarten

Horizons Kindergarten Health helps students recognize God's will for healthy living. The teacher's guide has 48 lessons that use puppets to teach kindergarteners age-appropriate health themes, such as living in a family, getting along with others, taking care of

their bodies, and being safe. The student workbook contains over 40 perforated student visuals and drawing activities that are teacher-administered.

1st Grade

Teach growing students the importance of health with Horizons 1st Grade Health. The teacher's guide has 50 lessons that use puppets to teach important health themes like understanding their growing bodies, making healthy choices, preventing health

problems, and developing safety awareness. The student workbook has over 30 perforated visuals and writing activities that are teacher-administered.

2nd Grade

Horizons 2nd Grade Health has practical lessons filled with tips for healthy living. The teacher's guide has 54 lessons that use puppets to teach students Christ-centered health themes like dealing with the ups and downs of family life, keeping active, personal grooming, and learning

about medicine and drugs. The student workbook contains over 40 perforated student visuals and writing activities that are teacher-administered.
