Old Testament Survey 2 Course Overview

Old Testament Survey 2 examines biblical history from the establishment of a monarchy in Israel to the Jewish people's return to their homeland after decades of exile. As students survey these books of the Old Testament, they will continue to learn about the "big picture" of Scripture and how these stories of humanity's unfaithfulness and God's faithfulness relate to their own lives. Thus, the goal of this course is two-fold—(1) to know the Word of God better in order (2) to know the God of the Word better.

In this course, students will examine:

- The Monarchy of Saul
- The Monarchies of David and Solomon
- Poetry and Wisdom
- The Divided Kingdom
- Exile and Restoration

By the end of the course, students will be expected to do the following:

- Summarize the "big picture" of the Old Testament.
- Develop the skill of interpreting the Bible.
- Reflect on the Old Testament's relevance to their own spiritual lives.
- Learn about the character of God through Old Testament stories.
- Learn about the character of God through Old Testament stories.
- Identify what God wants for his people.
- Understand how the Old Testament points forward to Jesus Christ.
